

A hybrid event

Qatar 8th National Sepsis Symposium

13th September 2021

7:30 am to 4:00 pm

يوم التوعية العالمي لمرضى تعفن الدم (اللاتان)
World Sepsis Day

Program Overview

The Qatar 8th National Sepsis Symposium is a favorable moment to increase healthcare provider and public awareness about Sepsis. It is a great opportunity to remind the public, media, national healthcare authorities, healthcare providers, and healthcare workers that there is an urgent need to increase and improve Sepsis education within healthcare facilities across Qatar.

The event will bring together national and international healthcare professionals to discuss all aspects of sepsis and its wide-ranging consequences and aspects, including prevention of Sepsis through vaccines, evidence-based correlation between COVID-19 and Sepsis, biomarkers of Sepsis and best practices for treatment.

Target Audience:

Doctors, Nurses, Midwives, Pharmacists and Allied Health Practitioners

“This activity is an Accredited Group Learning Activity Category 1 as defined by the Department of Healthcare Professions - Accreditation Section (DHP-AS) and is approved for a maximum of 7 hour/s.”

AND

“This activity was planned by and for the healthcare team, and learners will receive 7 hours. Interprofessional Continuing Education (IPCE) credits for learning and change”.
